SPORTSDAY

May 22nd

No. 006

Sports Day at Tomonoura Gakuen was exciting! Everyone worked very hard. Both the white team and the red team did well. Thank you for giving it your all!

Sports Day

Sports Day was very fun. I was on the white team. My best memory is the cheerleading. We won the cheerleading. The dance choreography (振り付け) was difficult. But we did it with all our heart. Together with the red team, we enjoyed the sports festival!

- Koumei

Sports Festival

My last Sports Day finished, and team white lost the match. But I'm happy because my team was the best team for me. Thank you for the good times. I won't forget that day.

- Shiki

My Dream

I want to be a government worker. I have two reasons. First, it looks interesting. Second, I want to help people.

Sports Festival

There was a sports festival. I was on the White team. We practiced a cheer battle and a "Mukade" race. It's getting hot outside. I saw that our leader was busy. We cooperated. White team worked hard!

How to use

Give it your all! = Do your best!

André-sensei: "You can do it white team! Give it your all!"

Ueno-sensei: "Study hard for the test! Give it your all!"

At the beginning of May, my parents came to Japan. They came to Tomonoura. My mother and father helped me teach English class. It was very interesting for them. Everyone had a lot of fun!

My mother Karen said: "This was my first time seeing a Japanese school. I was very happy. I told the students about when André was a child. When he was 8 years old, André and his class folded paper cranes. André's teacher sent the paper cranes to Hiroshima for Sadako's statue."

My father Ben said: "Tomonoura is a very pretty town. We saw many beautiful views. I enjoyed getting an Omikuji at Nunakuma shrine. I also enjoyed walking around Sensuijima island. And I really enjoyed trying Homeishu. It was delicious. Thank you for welcoming us to your school!"
