【Corn Scholarship Project Ceremony】

Good morning, everyone. Thank you very much for joining us today for the Corn Scholarship Project Ceremony.

First of all, I would like to express my hearty thanks to Consul General of the Consulate-General of the Republic of Indonesia in Osaka, Mr. Kohei Kobayashi from Fukuyama City Board of Education, all the members of Wakai Farm, and all the members of PPI for being here with us today.

This project uses the money earned from selling corn harvested at Wakai Farm to provide scholarships for high school students in Indonesia.

Through the projects and activities with Wakai Farm and PPI, our students have learned a lot, and had a very meaningful experience.

These experiences help them develop a broader view and understand the connection between their local community and the wider world.

Today, I hope that we can celebrate the harvest together, and deepen our friendship and mutual understanding. I also hope that this project will continue for a long time.

Thank you very much. That's all.
